Ark Profiles Ltd: Product Data Sheet

0.7mm steel in Tata Colorcoat HPS200 Ultra®/ Tata Colorcoat® LG/ Tata Colorcoat Prisma®. Colours as Tata standard range.						
Tata Colorcoat HPS200Ultra® (Confidex) 25-40 years: Tata Colorcoat Prisma® (Confidex) 20-30 years: Tata Colorcoat® LG 10-25 years. Refer to http://www.colorcoat-online.com for more detail.						
Ark.DoP.008, 009, 010: BS EN 14782						
External fire performance- European: EN14782:06:5.1.2: Class Broof (t1), Class Broof (t2) and Class Broof (t3). National: notional designation of AA and has a Class 0 or 'low risk' surface as defined in the various national Building Regulations.						
Natural curve to 40m minimum radius. Crimp curve to 1m minimum radius						
Minimum length 1.000m						
Maximum length 12.000m						
Pack weight max 1.5t						
Inspect packs and record any damage/shortages on delivery paperwork, backed by photos to be						
sent to Ark with a report. Store at ground level in a protected area, on bearers, at a slope to drain, under tarpaulin if to b						
Lift with care: <6m- by site forklift with tines set apart, 1 pack at a time, >6m by crane using						
slings (not chains).						
Load to rafter backs.						
Cut using a nibbler, protect site cut edges with touch-up paint or clear lacquer.						
Keep foot traffic and following trades traffic to a	minimum.					
Primary: A2 stainless steel 5.5mm \varnothing , 19mm \varnothing sealer washer, colour matched head						
Stitchers: A2 stainless steel 5.5mm or 6.3mm \emptyset ,	16mm \varnothing sealer washer, colour matched head.					
End laps (150mm), 5No/m, central to end lap: Intermediate supports, 3No/m (each side of side						
lap and central trough), subject to wind load design. Edge distance minimum 30mm.						
Side laps, max 450mm centres						
≥4°: 5 x 6mm Class A butyl: End laps, 2 lines nominally 120mm apart, above and below the						
fixing: side laps, 1 line to the outside of the stitch	ner screws.
